

Fw: Martin Utley-Meeting on 09-16-2012

Jose Torres to: Stacey Dwyer, Philip Dellinger, Ray Leissner

09/18/2012 10:02 AM

From: Jose Torres/R6/USEPA/US
To: Stacey Dwyer/R6/USEPA/US@EPA, Philip Dellinger/R6/USEPA/US@EPA, Ray Leissner/R6/USEPA/US@EPA,

Good morning:

Here is a message from Mr. Teo Saenz of Kleberg County providing information that appears to document the potential hydraulic connection between production areas in URI's **Kingsville Dome** mining site and some of the City of **Kingsville** public water supply system wells. As you know, Mr. Saenz and other concerned citizens appear to be advocating for a monitoring program for drinking water wells downgradient of the Garcia Hill wells in light of the uranium concentration trends observed in these wells. Please let me know if you have questions on this matter. Thank you,

JETorres - 6WQ-SG

Subject: Martin Utley-Meeting on 09-16-2012

Mr. Torres,

Please find attached notes of my meeting with Martin Utley this past Sunday, Sept. 16, 2012. Please disregard a previous e-mail which had the wrong date. I have requested a map from the city of **Kingsville** showing the location of the city water wells operational in the late 80's and 90's along with the dept of such wells and the pumping capacity at that time. I will pass on that information as soon as I obtain it.

Thank you,

Teo Saenz Martin utley-meeting Sept. 16, 2012.docx
